

DEMO-ZK-003

Borehole Log

SYNTHETIC TUTORIAL SAMPLE - no real customer or project information

Field	Value
Project name	CloudSigma Demonstration Survey C
Borehole identifier	DEMO-ZK-003
Sample location	Fictional Area C
Final borehole depth	Not recorded - manual review required
Prepared on	2026-08-22

Layer	Depth range (m)	Thickness (m)	Material description	Field notes
1	Review needed	--	Surface fill	Depth missing
2	Review needed	--	Silty clay	Depth missing
3	Review needed	--	Fine sand	Depth missing
4	Review needed	--	Weathered rock	Depth missing

All identifiers, dates, measurements, and descriptions are fictional. This document must not be used for real engineering decisions.
